

YGH ARCHITECTURE

architecture | interiors | planning | portland, or
find solutions, push the envelope, create beautiful
habitats, be good citizens

We strive to produce architecture of excellence in service to our clients and society.

We combine our specialties with a variety of in-house teams, including programming, cost-estimating, BIM, and sustainability.

We are passionate and committed to creating conscious, healthy and beautiful spaces.

We work in teams and believe that a unified collaborative culture empowers staff when producing their best work. We are JUST certified and PVC-free.

We like to design together, eat together, have fun together. Join us!

OPEN POSITION : Project Architect IV

We are seeking licensed architects with 4-8 years of professional and design experience to join our team. You will independently evaluate, select, and apply standard architectural techniques, procedures, and criteria using judgement for minor adaptations and modifications.

Candidates must:

- Be passionate about working collaboratively in teams.
- Be able to perform architectural assignments with minimal supervision to develop project solutions through planning, schematic design, design development and construction documents.
- Be responsible for phases of individual revenue-producing projects.
- Seek assistance on unusual problems with assignments reviewed for sound application of professional judgement.
- Recommend and select procedures.
- Have experience in every stage of design, and the ability to carry a concept from programming through construction administration.
- Experience with a variety of project types, including construction Types I, II, and III; higher education, commercial, and tenant improvements.

QUALIFICATIONS

Bachelor or Masters of Architecture degree
Technical experience in development and detailing of higher education facilities and Occupancy Groups A, B, E and M.
Technical understanding of building systems in Type I, Type II, and Type III construction.
