

YGH ARCHITECTURE

architecture | interiors | planning

YGH Architecture is an award-winning design firm based in downtown Portland, Oregon. We serve a diverse range of public and private clients around the globe, and we strive to combine technological innovation and artistic rigor to achieve project excellence.

We are a learning organization that actively supports mentorship, professional growth and curiosity in a dynamic, collaborative work environment.

We believe in the power of design to improve our built and natural environment, and are committed to creating safe, healthy and inspiring spaces to live, work, and learn. We are members of the AIA 2030 Commitment and the Portland Materials Transparency Collaborative, early adopters of the JUST label, and are a Living Product 50 Materials Pledge signatory. We have also committed to designing PVC-free interior environments.

OPEN POSITION : Project Designer VI

We are seeking licensed architects with 12-16 years of professional and design experience to join our team as a Project Designer VI. You will be responsible for initiating design concepts and leading project design development.

Candidates must:

- Be passionate about working collaboratively in teams.
- Define program requirements and establish design parameters based on client requirements
- Create and develop overall design concepts, formulate design presentation strategies, and make presentations.
- Manage project design processes while leading and directing the work of assistant designers and technical staff.
- Manage design team members during design implementation to ensure that clarity and quality of concepts are maintained throughout the design process.
- Monitor project budgets and schedules and manage client interaction and design making.
