

YGH ARCHITECTURE

architecture | interiors | planning | portland, or
find solutions, push the envelope, create beautiful
habitats, be good citizens

We strive to produce architecture of excellence in service to our clients and society.

We combine our specialties with a variety of in-house teams, including programming, cost-estimating, BIM, and sustainability.

We are passionate and committed to creating conscious, healthy and beautiful spaces.

We work in teams and believe that a unified collaborative culture empowers staff when producing their best work. We are JUST certified and PVC-free.

We like to design together, eat together, have fun together. Join us!

OPEN POSITION : Project Manager VI

We are seeking licensed architects with 12-16 years of professional and design experience to join our team. You will be responsible for planning, interpreting, organizing, scheduling, and managing projects through all phases of development. You will demonstrate experience in all phases of architecture and engineering services, including substantial experience in project management.

Candidates must:

- Be passionate about working collaboratively in teams.
- Ensure that projects conform to contractual agreements with clients.
- Effectively manage project budgets and schedules and maintain ongoing, positive, and productive client relationships.
- Be responsible for ensuring that project needs are satisfied by effectively managing project staff and resources.
- Coach, mentor and provide effective and proactive feedback to team members.
- Direct activities related to construction administration, including scheduling, preparation of shop drawings, field observations, report of change orders, and pay requests.
- Ensure that construction administration activities emphasize efficiency, quality assurance, and code compliance.
- Be responsible for leading a team of various people in all phases of project development.
